

The National Guidelines for clinical management of DF/DHF/DSS was developed by in 2008. Since then newer understanding of the pathogenesis of the disease along with change in mode of clinical presentation and severity of the illness have led to change in concept of clinical management of the disease. Harmonizing the existing WHO guidelines a new National Guidelines for Clinical Management of Dengue Fever 2014 has been developed by a team of Experts which has been released in a **National Consultation on Dengue with special focus on case management held on 19<sup>th</sup> December, 2014** in Regal Room, The Lalit Hotel, Connaught Place, New Delhi by Prof. (Dr) Jagdish Prasad, Director General of Health Services, Ministry of Health and Family Welfare; Dr. Nata Menabde, WHO Representative to India; Dr Ahmed Jamsheed Mohamed, Medical Officer-VBN, SEARO, WHO; Prof. Siripen Kalayanaroj, Ex-Director, Queen Sirikit, NICH, Bangkok, Thailand; Prof. Ashutosh Biswas, Dept. of Medicine, AIIMS, New Delhi and Dr A.C. Dhariwal, Director, NVBDCP.

Dte. NVBDCP in collaboration with WHO Country Office for India organized a **Training of Trainers on Clinical Management of Dengue Cases from 17<sup>th</sup> to 18<sup>th</sup> December, 2014** in Regal Room, The Lalit Hotel, Connaught Place, New Delhi. Total 50 participants from different States have been trained on the revised Indian 'National Guidelines for clinical management of Dengue Fever' which is developed by a team of Indian National Experts by harmonizing both the existing WHO ( WHO- TDR 2009; WHO SEAR 2011) and National Guidelines 2008.
