TECHNICAL SPECIFICATION OF PYRETHRUM EXTRACT, 2%

conforming to ISI specification No. IS: 105-1980 (II Revision), bearing ISI Certification Mark.

Registration: The product and the firm shall have to be registered by the Registration Committee, Central Insect. Bd., Directorate of Plant Protection & Quarantine, Department of Agriculture, Ministry of Agriculture for Public Health use. The product should have been field tested by authorized Institutions and found suitable for use as spray for control of mosquito vectors.

Shelf Life / Efficacy: The expiry date i.e. the date up to which the insecticide shall retain its efficacy and toxicity shall be for a period of two years from the date of its manufacture that means the material shall meet with the requirement given in the specification above for a period of two years. This shall be guaranteed by the firm and certificate in this regard shall have to be furnished alongwith the bid documents. At the time when the stores are offered for inspection, the life of larvicide/ insecticide should not have passed more than 1/6th of the effective life of the same counted from the date of manufacture.

Packing: The stores shall be packed in 25 litres New dry leak-proof, sound non-returnable mild steel drums conforming to ISI Specification No. IS: 2552-1989 and the packing shall comply with general requirements stipulated in IS: 8190 (Part-II)-1980. The packing shall also conform to the tariff Rules in force from time to time for goods falling in the category of material of high flash point.

The contractor shall provide certificate from the fabricators of drums to the Inspecting Authority certifying that the drums conform to the above ISI specification and the Inspecting Authority need not test drums before filling so as to minimize delay in inspection procedure.

Marking: The containers shall bear legibly and indelibly the information as per clause 3.2 of IS: 1051-1980 (II Revision) with amendment No. 1 & 2. And as per the Insecticide Act, 1968 and rules made thereunder. The containers shall be marked with ISI Certification mark as mentioned in clause 3.2.1 of IS: 1051-1980. In addition, the containers shall be marked
